DUES - are payable for 1980 - They are \$3.00 a year. Please enclose SASE when making payment. Any member not paid by April 1, 1980 will be dropped from membership. They will not receive future Love Letters or be listed in 1980 Membership Directory. Enclosed with this letter is a statement for each member.

the annual meeting of the Love Token Society held in St. Louis, Mo. on July 31, 1979, a motion was made to have a silver dollar engraved as a special honor for Miss Helen E. Moore for her devotion to the Society. Mr. William H. Zimmerman of St. Louis donated the silver dollar and Don Knapp did the engraving. Our Vice-President, Mrs. Janice Martin presented the Honorary Life Member No. 1 token to Miss Moore on a Friday in November in St. Petersburg, Fla. CONGRATULATIONS Helen from all of us!

"Jottin's from Jan" - What is a Helen Moore? She is a very calm person, one who can't get out of the way of wasps but can take 3 or 4 Love Tokens and can make a beautiful layout with interesting articles. She always had time to explain and talk to interested people about the club and 'What is a love token.' She was very surprised that the club would want to honor her but was very pleased and happy. Also, happy that our dear members Don Knapp engraved the silver dollar presented to her in St. Petersburg and Mr. William H. Zimmerman was the donor. Please write to her as she will always be interested in our activities. She is now putting together slides of interesting tokens to be shown in Cincinnati.

LOVE TOKEN EXHIBIT FUND

This project had great support at the annual meeting held in St. Louis in July. It now seems to be sadly lacking in interest. We have only half the amount to date to proceed. Want you support this project by sending in your donations to the Treasurer of our Society?

This fund is an investment of \$1,000 by the ETS to obtain a special category for the Love Token Speciality. The investment of \$1,000 would be retained by A.N.A. on deposit with the interest earned paying the cost of the award plaque each year. ALL contributions to the Love Token Society for this project are TAX DEDUCTABLE. Make your checks payable to American Numismatic Association with notation for: Love Token Collectors Award. The LTS treasurer will hold

the checks until the full amount of \$1,000 is collected. The first ten who remit with \$100 towards this fund will receive a unique Love Token, appropriately engraved upon a Morgan dollar by Don E. Krapp, personalized and showing they were a Donor to this Award. Fund.

The Love Token Society received a letter dated Dec. 11, 1979 from Frank Annunzio, Chairman of Subcommittee on Consumer Affairs of the Committee on Banking, Finance and Urban Affairs.

"Dear Coin Collector:

On Nov. 29, 1979, I introduced House Joint Resolution 451, a bill which authorizes the President to declare the third week of April of each year as National Coin Week. I have written to each of my colleagues in the House of Representatives asking them to co-sponsor this legislation with me.

Unless my resolution acquires at least 218 co-sponsors, it has no chance of being passed. The Post Office and Civil Service Committee, which has jurisdiction over this bill, will not consider this resolution unless it has that number of co-sponsors. If you and the members of your association believe that Congress should enact this legislation, I suggest you write to your individual Representative and urge him or her to co-sponsor this bill with me."

The letter goes on to say that April is only a few short months away and prompt action will be necessary for this bill to pass in time for the 1980 National Coin Week. That National Coin Week is an opportunity for collectors to share their hobby with collectors and non-collectors as well as to preserve the history and heritage of America. Also acknowledge the service collectors perform and encourage greater participation in this worthwhile hobby.

House Joint Resolution 451 is a very worthwhile bill. We should contact our individual Congressional Representatives as quickly as possible in order to get this bill to pass in time for the 1980 National Coin Week.

Notebook page No. 149 enclosed.

WISHING ONE AND ALL THE BEST OF GOOD THINGS FOR 1980.

HAPPY NEW YEAR!

Sincerely,

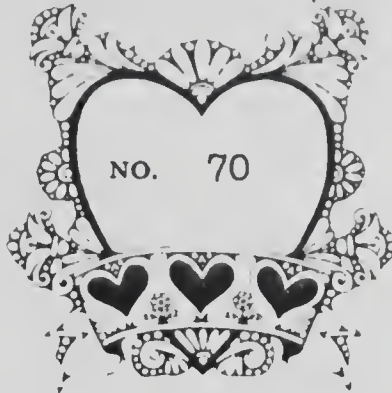

Mrs. Louise M. Campbell, Sec.-Treas.

NEW LETTERHEAD FOR NEWSLETTER AND APPLICATION BLANKS - Sincerely hope members will like our new Heading for the Love Letter. Space on each side is for display of members tokens. Send in your pictures or Xerox copies. An application blank is enclosed also for your perusal and use. Comments welcomed.

DUES - are payable for 1980 - They are \$3.00 a year. Please enclose SASE when making payment. Any member not paid by April 1, 1980 will be dropped from membership. They will not receive future love letters or be listed in 1980 membership Directory. We have 107 Regular members paid up and 19 new members.

A.N.A. AWARD FUND - This fund is an investment of \$1,000 by the LTS to obtain a special catagor for the Love Token Speciality. The investment of \$1,000 would be retained by A.N.A. on deposit with the interest earned paying the cost of the award plaque each year. ALL Contributions to the Love Token Society for this project are TAX DEDUCTABLE. I sent \$932 to Mr. William C. Henderson who will present this petition to the ANA Board in New Mexico at the Mid-Winter ANA Convention. In our May Love Letter, I will bring you up to date on our status with this Fund.

ELECTION of Officers and three (3) Board Members in July.

From Rudy Brill, Canada - On Nov. 23, 1979, I attended the TOREX show in Toronto and was surprised at the number of love tokens & enamelled coins available. Where normally in previous years one would find a few pieces, this time there must have been at least 300 love tokens available. Not only in dealer cases, but in the auction. If prices asked by dealers are any indication, the love tokens have at long last arrived. 50¢ and \$1 size ranged from \$50 up, mostly closer to \$100. There was a lot of gold at prices high for then, but peanuts for today.

WANT AD - Wanted to complete year collection of Liberty Seated Dime love tokens from the following years: 1839, 1844, 1846, 1847, 1850, 1853 no arrows, 1860, 1862, 1863, 1865, 1867, 1868, 1970, 1879, 1880, 1881. Please describe and state price in letter. James R. Nix, 11552 Welebir, Loma Linda, Calif. 92354.

WITH APOLIGIES TO HELEN FOR NOT INCLUDING THIS "THANK YOU" NOTE IN THE MARCH LOVE LETTER:

Dear Members:

Accept my thanks for your generosity in bestowing on me the silver dollar engraved with Life Membership. It was a total surprise to me when Janice Martin presented it to me.

I really appreciate the honor. There is nothing you could have given me that would give me as much pleasure.

It is very satisfying to know that the Love Token Society is alive and growing.

Sincerely,
Helen Moore

A.N.A. AWARD FUND - Mr. William C. Henderson made the presentation on 'our' behalf at the mid-winter ANA Convention in Albuquerque explaining the manner in which the Award was being funded and showed them some of the engraved dollars. The ANA Board was favorably impressed and the new category for Love Token Exhibits was unanimously approved. The Society expresses its grateful appreciation and thanks to Mrs. Autence Bason, Mr. Henderson, the contributors and all who worked towards obtaining this award category. We now have our own special Love Token Category with the ANA, so get out your tokens and bring your exhibits to the Cincinnati Convention in August. Be the first to win the first Love Token Award.

DIRECTORY: The membership directory for 1980 is enclosed with this letter. If your name is not on the directory, dues are not paid by April 1.

QUESTIONS AND ANSWERS:

1. Can members list some tokens for sale or exchange - YES, send list to Secretary.
2. Are listings enclosed with newsletter/ YES
3. Do members ever buy from each other via mail? YES
4. Are Love Tokens plentiful in all areas? Not plentiful anywhere that we know of.
5. Where is the ANA Love Token Society convention meeting this Year?

Stouffer's Cincinnati Towers - 141 W. Sixth St. Cincinnati, Ohio
August 16 - 24, 1980

This is the convention hotel- write them and request a reservation form for the ANA.

6. Write our new members and let them know what you have and what you are interested in obtaining.
7. Don't forget- start work on an exhibit for the ANA now, since we have our own category.

JOTTIN'S FROM JAN - How did you like that # 70 Love Letter? Wasn't it beautiful? and 19 new members and one re-instated- how about that? Some one was a busy beaver and I think it was Louise.

It's not too soon to be thinking about exhibits at the ANA in Cincinnati. Please let's have more collectors exhibiting. I do hope you all understand what it will mean to us if the ANA approves our Love Tokens as a single category. It will mean ~~the~~ for the first time our Love Tokens will not have to compete along with 50 or more other topics. We would be able to have one winner from our own Society each year at the ANA. If they do approve us, we have Autence Bason to thank for getting the ball rolling at the 1979 ANA at St. Louis.

Happy Collecting,

Jan

ELECTION OF Officers and three (3) Board Members in July. Any volunteers for Vice Pres. and the Board?

Received from Sophia R. Sherman, Sec. of the Tacoma Coin Club, Washington, a copy of the brochure prepared for their 23rd Annual Coin Show on March 15-16, 1980 in which they included a copy of the material published in Coin World Valentine Week on Love Tokens.

There was an article on Love Tokens in the Tri-State Trader, a weekly hobby and antique paper from which our Society had many inquiries and obtained many new members.

A REQUEST for a meeting room at the Cincinnati ANA Convention has been mailed. To date there has been no answer, but it will be forthcoming soon. July Letter will have this information.

ANNUAL MEETING

The annual meeting of the Love Token Society will be held at the Stouffer's Cincinnati Towers, 141 W. Sixth St., Cincinnati, Ohio on August 21, 1980 at 9:30 A.M. The Meeting Room will be listed in the A.N.A. Program. There will be a short business meeting followed by a Slide Program put together by Miss Helen Moore on, 'Unusual Love Tokens, Part I.' The program consists of 72 slides from eleven members of our Society. Want you join us?

JOTTIN'S FROM JAN

We are looking forward to the A.N.A. at Cincinnati this year since it is my old stamping ground. I spent my summers there with my sisters and brother while attending Berea in Ky. I am really looking forward to seeing the slides Helen Moore has put together for us to show you. Last year we saw the beautiful jewelry and Helen has worked very hard putting together slides on unusual and rare love tokens. Louise Campbell and other regulars will be there and I hope a big turnout from all over will be present. We don't want to disappoint Autence Bason since she worked so hard to get our Love Token Society in it's own Category

BALLOT FOR ELECTION OF OFFICERS IS ENCLOSED. Please return as soon as possible.

Miss Helen Moore would like members to send her other slides for her program of Unusual Love Tokens Part II.

Note from Mrs. Fobair:

The oldest Love Token I have is a half crown from the reign of William III, 1694-1702. The date has been removed as there are two sets of initials on that side. On the side William III appears the only thing done was three initials length wise on top of the Monarch. I thought this might be of interest to you as the article in Coin World mentioned a half crown from 1707 to be the oldest known. It would certainly be interesting to know the real history of the love token.

Love Tokens: Mutilating Coins for Sake of Passion

BY RUSSELL J. FORNWALT

In the April 1882 issue of the American Journal of Numismatics it was reported:

"A craze is prevalent among school girls, who beg small silver pieces of their sweethearts and friends, one side of which having been smoothed, is engraved with the initials of the giver. The greater the variety in size, or mintage, the more desirable is the necklace."

Today, nearly 100 years later, affectionately engraved coins are still a highly-prized collectible. They are called "love tokens."

In a well-researched article published in 1972 in the "M.A.N.A. Journal," quarterly periodical of the Middle Atlantic Numismatic Association, Louise M. Campbell wrote in great detail about the history and collection of love tokens. She granted permission to use excerpts from that article.

Almost any article can be made to serve as a token of love.

Among the more coveted love tokens down through the years have been coins altered in shape or re-engraved. They were created by buffing or filing the coins smooth on one side, usually the reverse, and then engraving the buffed surface. Technically speaking, the process made them mutilated coins.

However, as Mrs. Campbell notes, the engraved coins in recent years have become very collectible mementoes.

As long ago as the 16th Century, love money was collected and treasured because it was supposed to have charm or magical powers.

In some cases, the coins were not only engraved but bent so that they could not be used in trade. These bent coins, frequently called "benders," were given by lovers to each other to convey, maintain and stimulate love. They could be carried in the purse or pocket without fear of being spent.

Midwives frequently carried combinations of gold and silver love tokens as good luck charms. The coins assured, so they believed, the delivery of healthy children over which they presided.

Broken coins were also treasured by lovers. They hoped that when the two parts could be together, the owners would unite in wedlock.

Mrs. Campbell's article notes that the folk art of producing love tokens originated in Europe. Many early examples on English copper coins exist. The denomination on which designs appeared most often was the halfpenny. This was an art of the people who could not afford to use more valuable coins.

Many 18th Century pieces feature beautiful examples of painstaking freehand engraving. They are the contemporary version of the broken or bent coins alluded to by Shakespeare and Robert Burns as love or marriage tokens.

After the Civil War, love tokens began to appear in America and Canada. In fact, according to Mrs. Campbell, they were virtually a rage or fad in the period between 1880 and 1900. The fad spurred the government to pass a law in 1909 prohibiting the mutilation of coins.

Extremely fine to uncirculated coins were usually selected for conversion into love tokens. The most commonly used coin was the dime, since most people could not afford to use quarters, half-dollars or silver dollars. Nickels were seldom used for making love tokens because of the hardness of the metal.

During the 19th Century, many young men would have the reverse side of silver coins engraved with fancy initials and borders. They would give such love tokens to their lady friends. Coins were engraved, too, to commemorate all kinds of special occasions.

With 35 charter members, the Love Token Society was organized in Miami, Fla., in 1972 at the time of the American Numismatic Association convention. The society is affiliated with the A.N.A. and holds its annual meeting each year during the A.N.A. convention.

The Love Token Society welcomes to membership all persons 12 years of age or over who have a sincere interest in the collecting and study of engraved coins of which there are many varieties. In fact, new ones are constantly being discovered by collectors.

Membership dues in the society are \$3 yearly. All members receive the organization's bi-monthly newsletter free of charge. The publication features buy/sell ads. For any further information send an SASE to The Love Token Society, P.O. Box 84, Manquin, VA 23106.

JOTTINGS BY JAN - I want to thank all those who voted for me for President of the Love Token Society. I am undeserving but will work as hard as possible for our club.

We do need ideas, brief articles, especially articles on photographing with the type of camera some of us have for this purpose-the big box with camera on it. We want to make the slides the best possible.

On the Auction - Louise will mail your auction lists along with the Love Letter. All bids you will mail directly to owner, NOT TO Louise. The owner will mail all the Love Tokens directly to the successful bidder. The owner will send Louise 10% for the club.

Remember to send the list of your odd coin types to Autence Bason so she can give us a tabulation by Love Letter # 75.

We want to welcome all the new members and those who have rejoined. We are very proud of our club.

President:

ROBERT G. MITCHELL

Secretary-Treasurer:

MRS. LOUISE M. CAMPBELL
P. O. Box 84
Manquin, Va. 23106

It is not too early to think of exhibits for New Orleans and hope we have more than three. The exhibits were lovely and our congratulations to all those who exhibited in Cincinnati. Just think- more than 12,000 people saw our lovely exhibits of Love Tokens.

HAPPY COLLECTING,
JAN

Coin World, Oct. 1, 1980- "Love Tokens" was the title of two exhibits in that class, with Jack Kircher, Terrace Park, Ohio, taking first place and Autence Bason, Greensboro, N.C. second. The third place award of "Memories of Love" was Jane Blunk's exhibit. She is from Jeffersonville, Ind.

thank
The Society would like to ~~give~~ Mr. William C. Henderson, Treasurer of the A.N.A. and a member of our Society for his donation of the silver dollars given to all donors of \$100 to the Award Fund. A most kind and generous gift. THANK YOU BILL.

Your Secretary wishes to apologize for the lateness of this Love Letter. I took a month off to move back into my house after the fire only to discover that all my numismatic collection including all gold love tokens had been stolen while in Cincinnati. Am slowly getting back to normal and will be more prompt in the future answering mail and getting the letter out on time.

THE SOCIETY needs news articles, poems, stories, etc. for the notebook pages. Want you Contribute?

Sincerely,

Mrs. Louise M. Campbell, Sec., Treas.

Nine Tips On Bidding

1. Examine the entire catalog a minimum of three times.
2. Mark the lots each time, or make a separate list of the lots which interest you.
3. For the lots you want the most, bid the absolute highest amount you would pay. Do not place yourself in the position of having to say after the sale "If I had only bid \$1 or \$10 more I would have won that lot!" Most lots that are lost could have been won by one — or at the most two — more advances. If you "bid liberally" you can win the lots you really want.
Note: In most instances you will receive the lot for less than this highest amount — depending upon competitive bidding. If you really want a particular lot, feel free to bid as much as double, triple, or more, of top estimate to get the lot. What you will actually pay will depend upon competitive bidding — what others are willing to pay and what they bid.
4. Then go through your selected lots again and bid on those you would buy if the prices were right. Ask yourself "Would I buy this at low estimate, or below?" Remember, some lots don't get adequate bids — you could pick up a bargain this way. Bid a price you would actually pay.
5. Finally go through the entire catalog again to see if you missed anything you really want.
6. Bid in odd-cents amounts (\$26.28 beats \$26.00). This reduces your chance of a duplicate bid.
7. Consider checking the "Increase Boxes" on the Bid Sheet ("Increase my bid by _____ %"). This is a useful technique for advancing your mail bids as it you were bidding on the floor in competition with other bidders. It will only be used if necessary.
8. Fill out the bid sheet. Be careful with your figures! More errors are made in this step than in any other. Remember — you are responsible for every bid on that sheet even if it is on the wrong lot, or the wrong amount! The auctioneer must act on the bid sheet; if you give him wrong figures it is not his fault. Double check your bid sheet.
8. Mail early. In every sale the bids are awarded to the earliest received.
It's fun to bid in mail bid sales. Many great collections have been built this way. Try it!
